Organised by Spearhead Exhibitions, organisers of DSEi (Defence Systems and Equipment International), the world's largest arms fair, Offshore Europe promises to be "one of the most influential and significant events in the petroleum industry".

In 2003 the exhibition was attended by 1400 exhibitors with visitors from 104 different countries including delegations from Azerbaijan and Venezuela. ExCeL Centre, London Docklands

Arms dealers from all over the world will come to the UK to profit from their murderous trade at...

DSEi 2005!

DSEi (Defence Systems and Equipment International) is the world's biggest weapons fair selling everything from battleships and attack helicopters to cluster bombs and machine guns. At DSEi 2003 there were 973 exhibitors selling their deadly wares to delegates from a third of the world's countries.

Remember DISARM DSEi 2003?

Arms fair preparations blockaded, trains and buses full of delegates stopped, DSEi security breached, arms companies' offices visited by day and night, blockades, street protests and many other actions, £4.5 million spent on policing.

DISARM DSEi 2005...

It's up to YOU! A week of action is envisaged from 10 - 16 September. Get involved with planning for the week now.
